

REWARD TREBLED IN MAHARD CASE

Sum Totalling \$3,000, Offered For
Apprehension of Murderers—Double
Funeral Yesterday.

(From Sunday's Daily.)

Determined that nothing shall be left undone to apprehend the cowardly assassins of Mr. and Mrs. George Mahard at Oro Fino, citizens whose indignation is now at white heat over the dastardly crime, yesterday contributed most liberally to the reward fund, increasing it by \$1,500. Governor R. E. Sloan, on his return to Phoenix from Tucson authorized a territorial reward of \$250 for the apprehension of each of the murderers. These sums together with the rewards of \$500 offered by Sheriff Jim Smith and \$500 by the board of supervisors bring the total rewards to \$3,000.

It is believed that private contributions will swell the total to more than \$3,000, making it the largest reward ever offered in Yavapai county for the apprehension of criminals.

Private citizens and firms who yesterday subscribed to the reward fund are as follows:

Elks' lodge, \$100; Prescott National Bank, \$100; Bank of Arizona, \$100; J. A. Hope, \$100; George C. Ruffner, \$100; J. P. Dillon, \$100; Henry Blakemeyer, \$100; Supervisor Bill Stewart, \$100; Supervisor Barney Smith, \$100; Ed Shumate, \$100; Hill Hardware Company, \$100; Biles-Lockhard Clothing Company, \$100; Joseph Roberts, \$100; L. P. Burnett, \$25.

The petition for contributions to the reward fund reads as follows:

"We, the citizens of Prescott, county of Yavapai, Territory of Arizona, beg leave to submit the following statement:

"That on or about the first day of this month, in this county, out in the mining section where George Mahard owned mining interests and where he and his wife lived and were operating their property, both he and his wife were murdered in the most cowardly and brutally con-

nived way, in a way that would horrify the most uncivilized, and that since that brutal outrage the sheriff and his whole staff have been doing everything in their power to apprehend the murderers and are still doing it, but that he and his staff are, because of having the May term of court on his hands and other duties to perform, somewhat handicapped in his efforts, and believing that it is the duty of every citizen to come to his aid in any and every way possible to the end that those brutal murderers may be apprehended, therefore the undersigned hereby agree to pay the amount set opposite our names as a reward to be paid for the arrest and conviction of the murderers who committed the said outrages and horrible crimes."

Although it is realized that this case is one of the most mysterious and difficult to solve in the criminal annals of the territory, nevertheless the officials are hopeful that they would be able to discover the murderers and they are bending every effort to find out who the guilty parties are.

Yesterday afternoon in a double grave, all that was mortal of Mr. and Mrs. Mahard was laid to rest. A large delegation of Elks of which fraternal organization Mr. Mahard was a member, and many friends of the well known mining man and his wife, attended the funeral services which were held from Ruffner's parlors. The impressive Elks' burial service was used and the funeral was conducted by that order.

Following the services at the chapel those who had attended followed the cortege to the cemetery, the remains of Mrs. Mahard being taken there in a white hearse and those of Mr. Mahard in a dark hearse.

PRESIDENT HAS MADE CHANGES IN RESERVE

WASHINGTON, D. C., May 5. — The President has signed a proclamation adding 18,116 acres, and at the same time eliminating 53,500 acres from the Garces National Forest in Arizona. The additions and eliminations are located at various points along the exterior boundaries of all three divisions. The additions consist generally of rocky foothills and high mesas cut by deep draws, with gravel and sandy clay formations. The eliminations embrace low, rolling hills sloping toward the plains and at various places precipitous barren rock.

The forest growth on the additions is oak, mesquite, desert willow, ash, and walnut, averaging from five to eight cords to the acre, while on the eliminations there is less than two cords of scattered and stunted black and white oak and mesquite to the acre. No irrigated or irrigable lands depend for water on the areas eliminated. These are either rocky or consist of gentle slopes with shallow hills and only a scattered covering, without present evidences of erosion. During a portion of the year grazing conditions are fairly good in all of the added areas, but it is hoped that the carrying of the range can be greatly increased by construction of tanks at suitable points.

The lands eliminated by this proclamation will be restored to settlement and entry after being previously advertised by the Secretary of the Interior.

Hereafter the Garces National forest will be administered by Supervisor R. J. Seikirk, at Tucson, and all communications involving matters on this Forest should be addressed to him.

TO RESIDE IN PRESCOTT

(From Sunday's Daily.)
John Ehle, the popular resident of Skull Valley, has decided to make Prescott his home in the future in so far as the summer months are to be considered, and yesterday gave a contract to O. B. Marshall, the contractor and builder, for the erection of a home for his family. The building will be located in the northern part of the city.

BIG STRIKE HOLDING OUT.

John Queleco has returned from the Monte Carlo mines in Silver Mountain district, and reports the big strike as holding out. From a four-pound sample of the ore that he crushed in a mortar a few days ago he received rich results, indicating a value that would run into thousands of dollars per ton. Three additional sacks of this ore have been taken out, making ten to date, all being secreted at a point known only to the owners. The panning of the four-pound chunk of ore was witnessed by a resident of this city, who desires his name not to be mentioned, but who verifies the great amount of wire gold shown.

HEAVY FRUIT LOSS

(From Sunday's Daily.)
Arriving yesterday from the western part of the county, George Conrad, the mail contractor to Juniper, said that the recent cold wave struck that section. It is feared the entire fruit crop of the Walnut Creek country is destroyed. The loss will run into the thousands of dollars, that being one of the heaviest cultivated orchard sections in that part of the county. Mr. Conrad also states that the spring rodeo is going on in that range country with Camp Wood as the point being operated from.

POPULAR OFFICER RETURNS.

(From Sunday's Daily.)
Chief of Police Fred Hawkins, of Jerome, returned to the city yesterday to be in attendance at the district court. He will appear as a witness in several criminal cases, arresting the accused at the time of the commission of the crimes alleged. Mr. Hawkins is one of the efficient criminal officers of the country, and through his keen conception of the duties of his office, Jerome is an uninviting place at any time for those inclined to evil doings.

ON BANDITS' TRAIL.

LONG BEACH, Cal., May 5. — Southern Pacific detectives are here on the trail of the bandits who held up a Southern Pacific train near Benecia, Cal. It is said the robbers were traced to Riverside and then here.

The Social Mirror

Mrs. Morris Goldwater and Mrs. Leslie B. Larimer were most hospitable entertainers on Thursday afternoon at the home of Mrs. Goldwater on South Cortz street. After the serving of a dainty menu, the diversion for the afternoon was five hundred, and for those who did not play cards a room was set aside for sewing. In the sewing room during the afternoon the flags of different nations were passed, and for the greatest number of correctly guessed flags Mrs. Harry T. Southworth received an alligator sewing case. At the close of the afternoon the prizes for the five hundred game were given Miss Theresa Fredericks for having made the highest score, Mrs. J. C. Herndon for the greatest number of slams and the consolation fell to the lot of Mrs. R. N. Looney. Those who thoroughly enjoyed this interesting diversion were Mrs. H. D. Aitken, Mrs. W. D. Baker, Mrs. LeRoy Anderson, Mrs. J. M. Aitken, Mrs. Ed. Block, Mrs. Harry Briley, Mrs. J. Harvey Blain, Mrs. R. H. Burmister, Mrs. G. Gordon Bartlett, Mrs. Thos. E. Campbell, Mrs. Harold A. DISCOVERY OF RICH GOLD ORE.

(From Sunday's Daily.)

News of a gratifying discovery of gold ore on the property of the Pacific Copper Mining company near Harrington, was brought to this city yesterday by A. V. DeCamp, the superintendent. Samples of ore taken from the surface on a ledge on the Sunnyside claim, assayed from \$20 to \$310 in gold, the samples being taken for a distance of 400 feet. The values occur in oxidized quartz which has been leached out, the ledge being 150 feet wide with the rich values appearing in stringers. It is this ledge that the management is now planning to tap at a depth of 400 feet by cross-cutting from the shaft that is being sunk in the vicinity. It is not expected that such sensational values will continue with depth, but the showing is such as to highly enthrall President C. W. Mitchell who took the samples that were assayed here yesterday by A. D. Barnhart.

JUROR GAVE VALID REASON.

(From Sunday's Daily.)

In asking Judge Doe to be excused from the present term of court, M. P. Lacey, a resident of Ash Creek, made the open statement in court yesterday that his wife and children are living in that precinct six miles away from their nearest neighbor, and he desired to be with them as a matter of protection at this particular time.

Mr. Lacey is moved in this course by what has recently transpired in the wilful murder of the Mahards, at their lonely home on the Hassanyampa. Judge Doe appreciated the situation and stated that it was a pleasure for him to grant the request. Mr. Lacey was excused for the term. Five minutes after leaving the court house Mr. Lacey was on his horse en route to his home.

GRAND JURY DONE WITH ITS LABORS

Final Report Was Made by That Body
To Judge Doe in District Court
Yesterday Afternoon.

(From Sunday's Daily.)

Yesterday afternoon, the territorial grand jury completed its labors and made a final report to Judge E. M. Doe of the district court. The report states that 28 cases were examined and that indictments were returned in sixteen instances.

The report casts reflection on accused justices, stating that cases have been held to the grand jury by justices where there has been insufficient evidence and in some cases practically no evidence, imposing expense on the county and causing unfortunate offenders to be held for months in jail.

The grand jury also recommends the removal of any justice of the peace, who may be incapacitated by reason of drink, dissipation or other cause.

The report states further that the county institutions are in good condition and praises the board of supervisors and Sheriff Smith and his deputies for the prompt and efficient manner in which they have discharged their duties.

The report in full is as follows: We, the grand jury, empaneled for the May Term, 1910, beg leave to submit the following report:

We have examined into twenty-eight cases, consisting of the following offenses: Murder, 6; assault with intent to kill and murder, 1; assault with a deadly weapon, 8; robbery, 2; grand larceny, 5; burglary, 3; rape, 1; perjury, 1; forgery, 1. Total, 28.

And have returned indictments as follows: Murder, 6; assault with a deadly weapon, 3; grand larceny, 4; burglary, 2; rape, 1. Total, 16. And ignored the following: Assault with intent to kill and murder, 1; assault with deadly weapon, 5; robbery, 2; grand larceny, 1; burglary, 1; perjury, 1; forgery, 1. Total, 12.

The following resolution was unanimously adopted:

Whereas, during the present session of this grand jury we have been impressed with the fact that in many cases where defendants have been bound over by justices of the peace to await the action of the grand jury, such procedure has been founded upon insufficient evidence and in several cases upon practically no evidence at all. This is shown by the fact that we have been compelled to ignore a number of cases in which the defendants have been in the county jail for weeks and in some instances for months.

This state of affairs has entailed a large expense upon taxpayers which could have been avoided if the justices of the peace would have exercised ordinary care and intelligence in the disposal of cases which came before them.

In several of these cases the evidence at most showed that only a trifling misdemeanor had been committed and the ends of justice would have been better served by inflicting punishment at the time by fine or jail sentence.

Therefore, we recommend that in all violations of the criminal law brought to the attention of a justice of the peace, where the justice is at all in doubt he should consult with the District Attorney, if practicable, as to whether a felony or misdemeanor charge should be preferred.

Further, that if any justice of the peace become incapacitated by reason of drink, dissipation or other cause, he be removed by the Board of Supervisors.

And we further recommend that the District Attorney be requested to serve a copy of this resolution on all Justices of the Peace in this county. We investigated the meals served the county prisoners, and found the same good, clean and wholesome, although prisoners give bad accounts of food served prior to three weeks ago.

We visited the county hospital and farm and find the hospital and all of its accessories in good and sanitary condition, and the farm well cultivated. The management of that institution reflects great credit upon the board of supervisors and the superintendent in charge. In connection with its visit the grand jury begs to express its gratification over the interest taken by the county physician, and the evident co-operation of the Prescott physicians, which is very

apparent and is a great aid to the county.

We also visited the county jail and we are pleased to report that it is kept in a most sanitary and cleanly condition; that the inmates are well provided for and humanely treated by the sheriff and his deputies.

We find the grounds surrounding the court house, under the supervision of the board of supervisors, being reseeded and re-planted, which adds greatly to its beauty and to the convenience of the public.

We would recommend that the offices and jury rooms, as well as the court room, be renovated and painted at the earliest convenience of the board of supervisors. It is very apparent that more and better rooms should be provided for many of the county officers.

The grand jury wishes to express its appreciation of the prompt and efficient manner in which the cases have been submitted by the district attorney and his deputy, and the courtesy extended to the jury by them.
